I am purchasing KWP Spring Orchard **Jamestown** door style, **Maple** wood species, with **Slate** stained finish. This finish has a rich color and smooth, flowing grain patterns. Maple wood is known for rich tones that age well, like a vintage wine. The Slate stain emboldens both the grain and rich natural colors in the wood. Natural Maple wood ranges from light pinks to dark browns. Maple will darken or mellow with age, a change that is more noticeable with light stains and usually takes place within the first six months. Sun exposure greatly accelerates this process. Mineral streaks, pitch pockets, pin knots, and sap wood all occur naturally in Maple and are acceptable characteristics.

Schillings does not provide installation on cabinetry. Final adjustments to the doors and drawers are necessary and are the responsibility of the installer or the homeowner. If there is a problem that requires a replacement order, Schillings will do what we can to get the replacement product order rushed. However, Schillings cannot guarantee lead times and cannot offer monetary compensation or discounts for any delays. All single door cabinets come hinged **RIGHT**. (Reversing hinging, as needed, is the installer's responsibility.)

Also, please be advised that additional labor costs can be incurred by adding materials that are labor intensive to install (ex: handles, moldings, roll out trays, etc).
