	<b>Drawer Front</b> 5-Piece MDF	
	<b>Wood Species</b> Maple & MDF	

### Cabinet Specifications

**1 Interior**

Natural Maple Laminate

**2 Face Frame**

3/4" thick solid wood; glued, clamped, and screwed.

**3 End Panels**

1/2" thick laminated furniture board\*. Interior is light maple wood grain laminate; exterior is matching painted laminate.

**4 Top and Floor**

1/2" thick light maple woodgrain laminated furniture board\*.

**5 Back**

1/8" thick light maple woodgrain laminated hardboard. Grain direction is horizontal on walls, bases, and vanities and vertical on tall cabinets; however, grain direction of finished interior cabinets is vertical.

**6 I-Beam (applicable to base and vanity base cabinets)**

I-Beams are dadoed into face frame end panel and back panel, providing extra structural support.

**7 Hanger Rail (back exterior of wall cabinet)**

Hanger rails are pocket screwed to backs for enhanced structural integrity.

**8 Shelves 3/4" Thick**

Standard wall, full-height door base, and peninsula base cabinets receive full-depth shelving. Standard base door/drawer cabinets receive 3/4" depth shelves; full depth shelf (FDS) modification available.

**9 Hinges**

Six-way adjustable concealed. Smart close hinges open a maximum of 110°. Left door shown in drawings are depicted open beyond actual allowance to show cabinet interior details.

**10 Drawer Guides**

**Smartmotion FX** guide system consists of ball bearing mechanics and full extension hardware for full access. Guides are installed to bottom of drawer box or roll-out tray in an undermount concealed fashion and include a 'positive' close feature; when closing, guide system prevents drawer or roll-out tray from 'bouncing' back open. An additional mechanism controls closure in a smooth, uniform manner – it will not slam. This soft-close operation takes effect approximately 2" from final closed position. Smartmotion FX's easy-release mechanism provides quick removal of drawer/roll-out tray. This guide system has a 75 lb weight capacity.

**11 Drawer Box Construction**

Four-sided construction featuring dovetail joints. Constructed with 3/4" thick hardwood sides and 1/4" thick plywood\*\* captured bottom. Clear coat applied.

**12 Drawer Fronts**

Drawer fronts are adjustable 1/8" vertically and horizontally. Adjustments should be made prior to installation of decorative hardware.

**13 Toe Kick**

Sub toe kick is 4 1/2" high x 3 3/4" deep x 1/2" thick furniture board\* and does not match finish of cabinet.

Return Policy

- All stock kitchen cabinets must be returned in original factory sealed box with packaging and will be charged a **20%** restocking fee.
- Credit will be issued only after inspection of cabinets by our distribution center in Cedar Lake (10501 W. 133rd Ave. Cedar Lake, IN 46303).

I agree to inspect for damage within 7 days of pickup or delivery.

Product Information Page

Silverline Cabinetry by MEDALLION

**Warranty information**

Medallion cabinets are certified by the Kitchen Cabinet Manufacturers Association (KCMA). This assures you that Medallion cabinets comply with the rigorous standards set by the American National Standards Institute (ANSI). Medallion warrants its cabinetry to be free of defects in material and/or workmanship under normal residential usage to the original purchaser for as long as they own their home. These warranties are only applicable to product used in residential applications within the United States and Canada and are not transferable to subsequent owners.

Silverline cabinetry comes complete with a Lifetime Limited Warranty. More information and specifics are defined on the Medallion website or upon request from vendor.

---

I am purchasing Medallion **Lancaster** door style, **Maple & MDF** wood species, with **Sea Salt** painted finish. Joint fracturing is common with painted wood cabinets. Fracturing is caused by changes in humidity levels within the home caused by varying weather conditions. This expansion and contraction may cause some visible cracks in the painted finish, particularly in the joint areas. Also, there may be a slight color shift due to continued exposure to natural and artificial light sources over time. We mention these characteristics because neither Schillings nor Medallion can be responsible for these conditions.

---

Schillings does not provide installation on cabinetry. Final adjustments to the doors and drawers are necessary and are the responsibility of the installer or the homeowner. If there is a problem that requires a replacement order, Schillings will do what we can to get the replacement product order as fast as possible. However, Schillings cannot guarantee lead times and cannot offer monetary compensation or discounts for any delays.

Also, please be advised that additional labor costs can be incurred by adding materials that are labor intensive to install (ex: handles, moldings, roll out trays, etc).
